NEW WESTMINSTER CITY BY-LAWS.

STREET POLES AND WIRES BY-LAW.

A By-Law to Regulate the placing of Poles and Wires in the streets and squares and other places in the City of New Westminster, for the use of Telegraph, Telephone, Electric Light, Electric Railway, and other companies or persons.

THE Mayor and Aldermen of the City of New Westminster, in Council assembled, enact as follows :—

1. All poles erected in any street, lane, highway, square, or other public place within the limits of the City of New Westminster for any telegraph, telephone, electric light, or electric railway company, or for any person or company whomsoever or whatsoever, for the purpose of fastening wires thereto, shall be as nearly as may be, round and straight and of sufficient strength to bear, without bending, the weight of such wires, and of such height as may be approved of by the Board of Works.

2. All such poles shall be neatly shaved or planed and painted white from the top to a distance of eight feet from the ground, the remaining portion to be painted some colour to be approved by the Board of Works, which shall be such as to distinguish the poles of each company, firm or person from any other poles.

3. Such poles shall be placed firmly in the ground or otherwise so secured that they shall be and shall be maintained in a perpendicular position, and the place where such poles may be erected shall be determined by the Board of Works.

4. All dangerous wires placed on poles or elsewhere within the limits of the city shall be properly fastened and insulated, or otherwise protected, so as to secure persons and property against accident therefrom, to the satisfaction of the City Engineer.

5. Whenever it shall have been made to appear to the Mayor and Council that any poles or wires erected or placed within the limits of the city are so placed or used as to be dangerous, or a public nuisance, it shall be lawful for the said Council to serve a written notice upon the party or parties who are the owners or legal agents of the owners of such poles or wires to have the same properly secured, protected, or removed, and if such party or parties refuse or neglect to comply with such notice within 24 hours after receipt thereof, then the Council may proceed to secure, protect, or remove such poles or wires at the cost of the party or parties who are the owners thereof, and such costs may be recovered in like manner as municipal taxes are recovered under the "New Westminster Act, 1888."

6. Whenever, in case of fire, in the opinion of the Chief Engineer of the Fire Department or other person acting for him, it becomes necessary that any such wires should be cut in order to facilitate the extinction of such fire, or for the preservation of property, then the cutting of any such wires shall not entitle the owner or owners thereof, or his or their heirs, executors, administrators or assigns, to any damage for loss thereby.
